

## **EN CADA GUERRA**

“En cada Guerra engordan los sopilotes  
en los cuerpos muertos de los Victorios y Vencidos,  
lo mismo.”

(I made it up about 1965)

Literal translation:

In every War, the Vultures Eat and get Fat  
on the Dead Bodies of the Winners and Losers  
all the Same.

What it means to me:

Lawyers are the Big Winners in Law Suits... No Matter Who Wins.
