

INTRODUCTION

Dear Kids and Friends who read this:

Perhaps you've wondered why I wrote this ...

Mainly it's because there are times when people go through periods
when they don't Learn a Lesson ...
even though it was Taught Well.

I've written these "Jewels of Wisdom"
so that in case you didn't learn some of them
at the time I taught them ...

They'll still be available to you and to your kids
when I'm not around to repeat those lessons.
